Prepare yourself to worship:

We use the word "Hope" all too freely today. We "hope" for this or that; we "hope" someone gets well; we "hope" we achieve something in our lifetime. Hope comes from the Holy Spirit, which gives us the courage and strength to overcome hardships and strive toward our heavenly home - with patience! It's the patience part many of us struggle with! Today we will discuss how we can Patiently Hope!

Welcome to the Fellowship
